To join the Association there are no formalities required other than the subscription and the signature of this document. It is a free act of commitment toward and in favour of the co-operative in the process of being formed, which will operate in the land confiscated to the organized crime of the Campania region.

Objective of this application is to give strength, collaboration, participation, support and promotion to the co-operative, in quality of economic, social, institutional, cultural subjects, as well as a single individuals.

Born within *Libera. Associazioni, nomi e numeri contro le mafie*, the Association is chaired by Luigi Ciotti and will be co-ordinated by the Director of *Libera* and the Co-ordinator of the *Agenzia Cooperare con Libera Terra*.

The legal form of the Association is: social co-operative of type B, and its name will be:

“LE TERRE DI DON PEPPE DIANA - LIBERA TERRA CAMPANIA”.

The activities of the co-operative, due to begin in a few months, will be carried out in the land confiscated to the organized crime located in Castel Volturno and Canello ed Arnone, in the Caserta province.

Following an ongoing, in depth study of feasibility, the co-operative will operate in the field of organic farming, buffalo farming, transformation of buffalo milk in mozzarella and cheeses, according to the organic production method.

Other activities include responsible tourism and biomass clean energy production.

All activities will favour the work inclusion of socially disadvantaged subjects and will be carried out in coherence with the values and the principles of the other co-operatives associated to Libera Terra, in support of a clean, healthy economy, socially and environmentally sustainable.

Like in Sicily, Calabria e Puglia, a public notification for the selection of charter members will take place. The co-operative will then be able to join the network of the co-operatives of the Libera Terra project.
